Contactless delivery - for all-round secure parcel receipt

In the current coronavirus situation, we should reduce personal contacts to a minimum as far as possible in order to protect both, you as the recipient and the delivery driver! **Contactless delivery** minimizes the risk of receiving parcels!

1

The delivery person places the parcels in front of your house / apartment door, rings and goes back 1-2 steps.

The number of packages and space for your signature are noted on one package label.

2

Please sign on a package label next to the marking.

Please follow up on this Possibility of **your own pen** and then step back 1-2 steps.

3

The delivery person records your signature with his scanner and notes your name. Finished!
