## ENVIRONMENTALLY RESPONSIBLE producer

GLS General Logistics Systems Slovakia s.r.o.

By your active participation in the extended producer responsibility system, you have contributed to the improvement of separate waste collection in our municipalities and cities, saving primary resources and improving the environment for all of us.

The funds you paid in 2023 under the extended producer responsibility scheme were used to ensure collection, transport, recovery and recycling of waste from separate collection

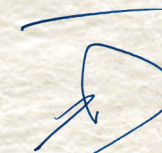

from **2 249 990** inhabitants out of **951** municipalities

in a total quantity of **94 622** tonnes
